

SEMINARS

November 1-5, 2004

Monday, November 1, 2004

There is no Physics Colloquium this week. Mark your calendar for next week's Jacobsohn Memorial Lecture with 1997 Nobel Prize Winner in Physics, Dr. Steve Chu from LBNL, Stanford, on Monday, 11/8/04.

Tuesday, November 2, 2004

Particle Theory Seminar
2:30 PM, Rm. C-421, PAT

Vadim Yasnov, USC
"Chern-Simons Matrix Models and Large N Transitions"
<http://www.phys.washington.edu/groups/ptuw/seminars.html>

Condensed Matter Seminar
4:00 PM, Rm. C-421, PAT

Sarah Keller, UW Chemistry & Physics
"Liquid domains in lipid membranes"
<http://faculty.washington.edu/cobden/CMseminars/>

Thursday, November 4, 2004

EPE Seminar
4:00 PM, Rm. C-421, PAT

Gordon Watts, UW Physics
"Report from the Computers in High Energy Physics Conference"

Astronomy Colloquium
4:00 PM, Rm. A-102, PAA
Ronald Geballe Auditorium

Robert Lupton, Princeton University
"Surveys: Their Promise and Perils"
Reception at 3:45 in the lobby
<http://www.astro.washington.edu/dept/colloquium.html>

Friday, November 5, 2004

Particle Astrophysics Seminar
3:30 PM, A-110, PAA

TBA
<http://www.phys.washington.edu/users/jeff/courses/588A/seminar.html>

General Exam
3:45 PM, Rm. C-520, PAT

George M. Newman, UW Physics
"Hydrodynamics of Anomalous Currents"
