

University of Washington, Department of Physics

Nuclear Theory Seminars September 2004

Thursday, September 9, 2004

Rainer Fries , University of Minnesota,

"New hadronic and electromagnetic signals in high energy heavy ion collisions"

Rm. C-421, PAT, 1:30 P.M.

Monday, September 13, 2004

Will Detmold, University of Washington

"Two baryons on a lattice: phase shifts and beyond"

Rm. C-421, PAT, 1:30 P.M.

Thursday, September 16, 2004

Gautam Rupak

"Nuclear Physics from lattice QCD: Finite lattice spacing and volume effects"

Rm. C-421, PAT, 1:30 P.M.
