

## Teaching Assistant Candidate Bank

This candidate bank is used to fill Teaching Assistant appointments for one or more quarters to assist with undergraduate and graduate courses offered by the Department of Physics.

As part of their duties, a Teaching Assistant may be required to do one or more of:

- Hold office hours as required by course and instructor,
- Assist students in the Study Center,
- Lead or assist in tutorial sections,
- Lead or assist in lab sections,
- Proctor examinations,
- Grade examinations and/or other assignments,
- Maintain records of student performance,
- Assist in lectures,
- Lead or assist in discussion sections,
- Participate in training sessions as specified by the instructor, and
- Perform other related duties in support of instruction.

Requirements: Enrollment as a full time (10 credits or more) student in a graduate program in the physical sciences, mathematics or engineering. Student must be in good academic standing within their program (i.e. making appropriate academic progress), must have a strong background in physics and must be able to communicate in English at the level of the UW SPEAK test.

Highly Desirable: Enrollment in the PhD program in the Department of Physics. Previous experience as a Teaching Assistant, preferably in the Department of Physics at the UW, with a record of very good to outstanding evaluations by Students and Faculty.
