

Senior Fellow/Faculty Position
Institute for Nuclear Theory, University of Washington

The Department of Energy's Institute for Nuclear Theory and the University of Washington intends to appoint an INT Senior Fellow as early as March 1, 2010. The successful applicant will also hold a tenure track or tenured position in the UW Department of Physics. The appointment will likely be made at the assistant or associate professor level, although outstanding candidates at the professor level will be seriously considered. We seek an outstanding researcher with leadership potential who can contribute to the vitality of the INT's visitor programs and workshops, which currently attract approximately 400 visiting scientists each year. Applicants must have a Ph.D. degree and a strong record of published research in nuclear theory, broadly construed. Opportunities are available for teaching and advising graduate students. Please apply electronically using the link provided at http://www.int.washington.edu/jobs_int.html. Applications received by December 31, 2009 will receive full consideration. The University of Washington is an affirmative action, equal opportunity employer. The University is building a culturally diverse faculty and strongly encourages applications from women, minorities, individuals with disabilities and covered veterans.
