---

## Education

- PhD, Aug 2003      **Massachusetts Institute of Technology, Cambridge, MA**  
Field: Atomic Physics  
Thesis Title: Experiments with Degenerate Bose and Fermi Gases.  
Advisors: David E. Pritchard and Wolfgang Ketterle
- B.A. May 1997      **Colgate University, Hamilton, NY**  
Majors: Physics, Mathematics

## Research Experience

- Sep 2007 - present      **University of Washington, Department of Physics, Seattle, WA**  
Assistant Professor
- Sep 2003 – Aug 2007      **University of California, Department of Physics, Berkeley, CA**  
Post-doctoral Research Fellow, group of D.M. Stamper-Kurn
- Sep 1997 – Aug 2003      **Massachusetts Institute of Technology, Dept of Physics, Cambridge, MA**  
Graduate Research Assistant, group of D.E. Pritchard and W. Ketterle

## Awards

- Miller Institute Post-doctoral Fellowship Award, U.C. Berkeley (2003-6)  
Colgate University Physics and Astronomy Alumni Award (1997)  
Member of Phi Beta Kappa (1996)  
Sisson (second year) Math Prize (1995)  
First Year Math Prize (1994)  
Edwin Foster Kingsbury (first year) Physics Prize (1994)

## Professional Affiliations

- American Physical Society (APS)  
Optical Society of America (OSA)
