POSTDOCTORAL POSITIONS

September 2003 – present	Research Associate, Institute for Nuclear Theory, University of Washington, Seattle, WA, USA
September 2000 – August 2003	Research Associate, Department of Physics, Ohio State University, Columbus, OH, USA
September 1997 – August 2000	Research Associate, RIKEN BNL Research Center, Brookhaven National Laboratory, Upton, NY, USA

EDUCATION

May 1997	Ph.D. in Physics, University of Colorado, Boulder, CO, USA Dissertation Title: “High Temperature Behavior of Quantum Chromodynamics: A Study of an Improved Lattice Action,” Dissertation Advisor: Thomas A. DeGrand
May 1992	B.S. in Physics and Mathematics, Magna Cum Laude, Muhlenberg College, Allentown, PA, USA

COURSES TAUGHT

Autumn 2004	Undergraduate Classical Mechanics	University of Washington
-------------	-----------------------------------	--------------------------

PROFESSIONAL SERVICES

Convener for Lattice QCD session at APS Div. of Particles and Fields meeting, Aug 2004
Proposal reviewer for the National Science Foundation
Peer referee for *Nucl. Phys.*, *Phys. Lett.*, *Phys. Rev. D*, and *Phys. Rev. Lett.*
Organizer of the OSU High Energy Physics/Astrophysics Seminar, 2002–2003

ACADEMIC HONORS

May 1992	Elected to Phi Beta Kappa, Muhlenberg College
1989–1991	Putnam Mathematics Competition (Ranked 353rd, 1990)
1991, 1992	Robert Boyer Prize in Physics
1991	Robert and Edythe Mull Award for Excellence in Mathematics
1989, 1990	Miriam Koehler Mathematics Award
